Sangiou

Batch-18th Class Test: 01 Department: CSE Course Code: GED-1251

Course Title: Society, Ethics and Environment Full Marks- 15 Time: 40 Minutes.

No.		Marks
1	**(a) Explain ethical responsibilities of an employee.[CO2,PO6,A3]**	5
	(b) Company Background: ABC Manufacturing is a mid-sized company in the electronics industry. With over 500 employees, the company has been operational for the past 20 years. Despite its steady growth, ABC Manufacturing faced challenges with employee retention and satisfaction. **Problem:** Employee turnover rates were high, and job satisfaction levels were low. The company conducted an internal survey which revealed that a significant number of employees felt underpaid compared to industry standards. This dissatisfaction was impacting overall productivity and the quality of work. **Which key components should they include for implementing fair wage policies to boost employee satisfaction and productivity? Analyze your answer.[CO3,PO6,A4]**	5
	(c) Identify the necessity of successful collaboration between engineers and marketing professionals leading to a successful product launch. **.[CO2,PO6,A3]**	5
